# CELESTIAL SPHERE

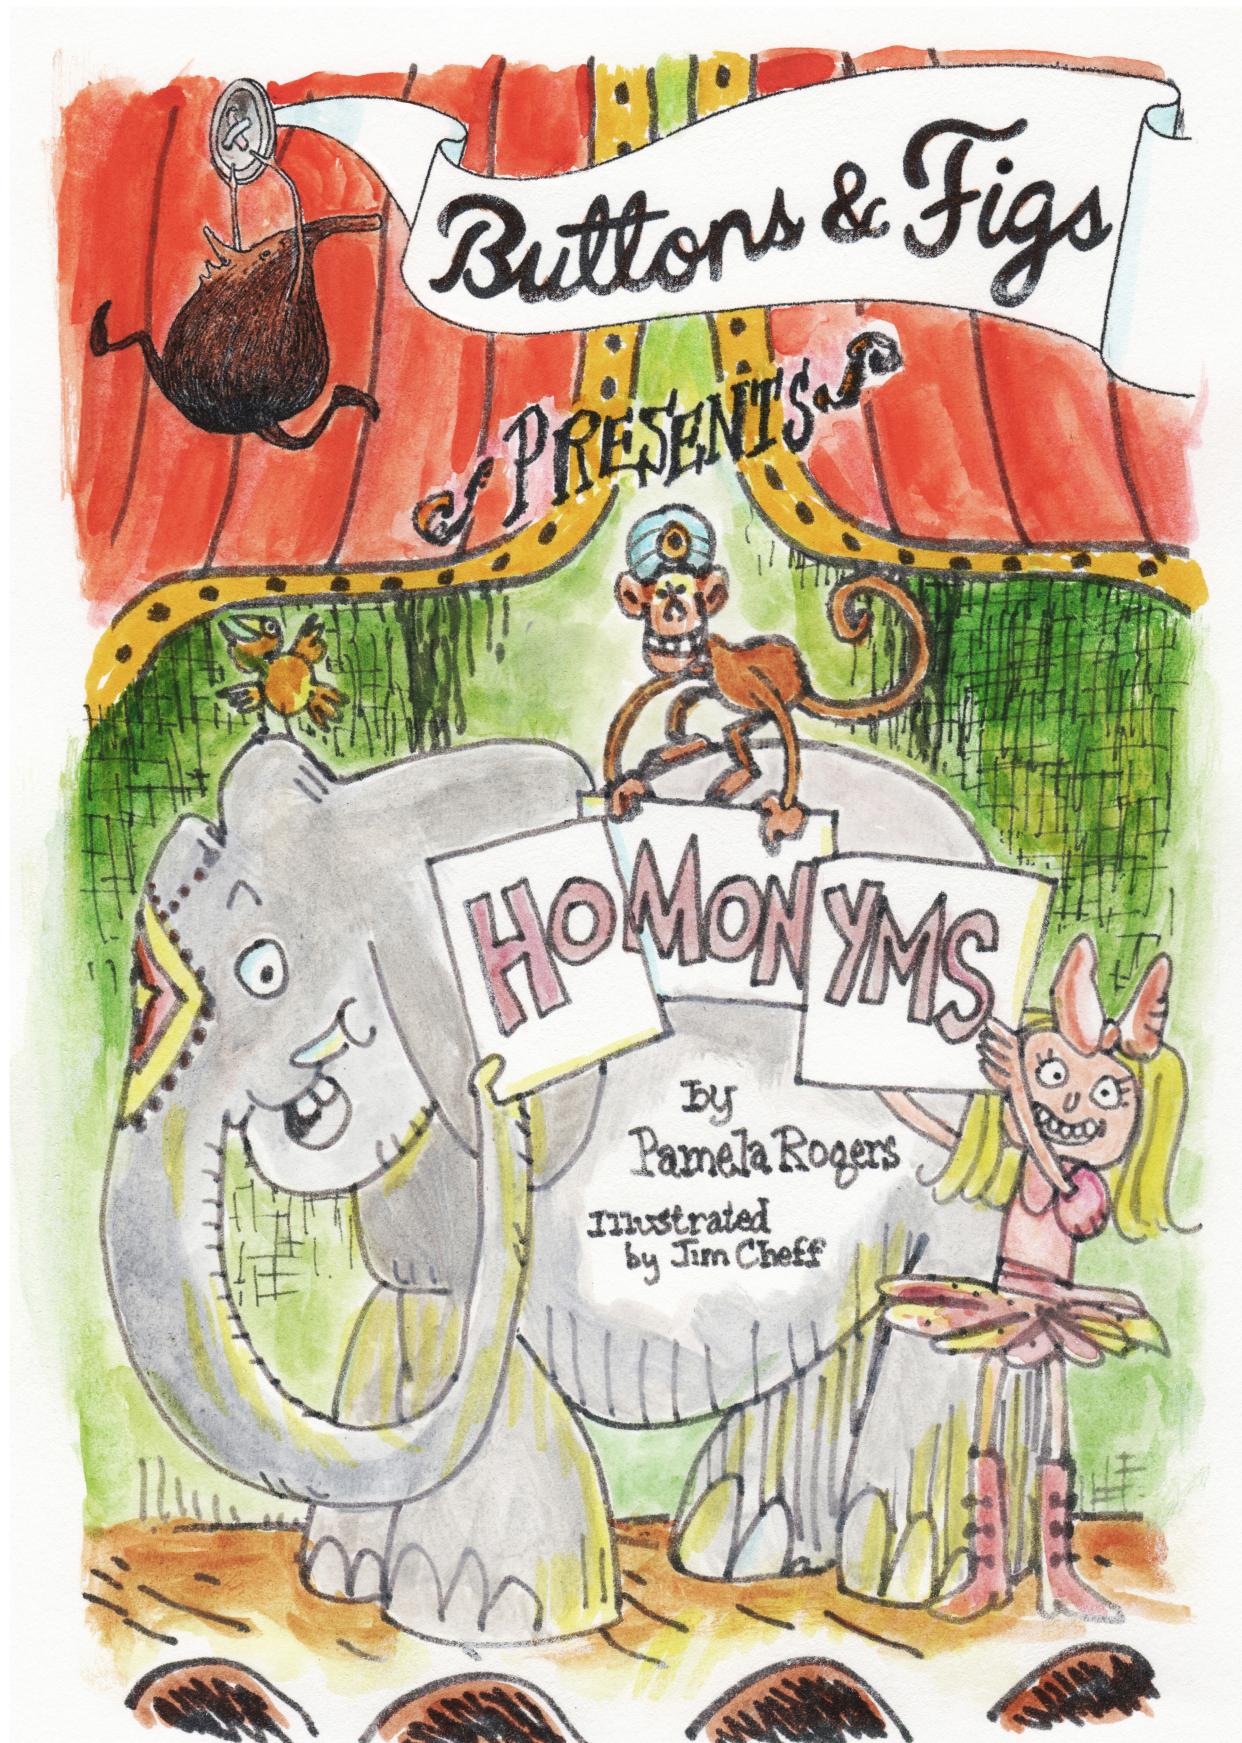

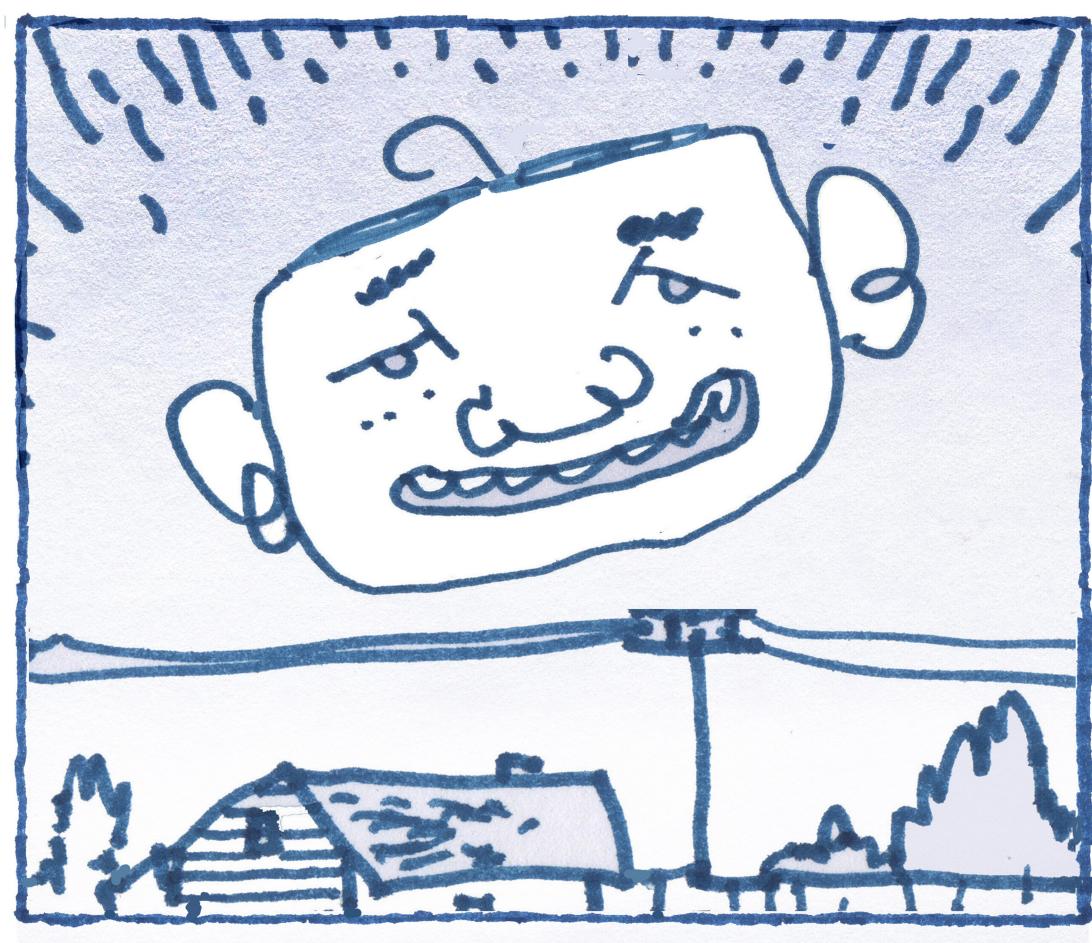

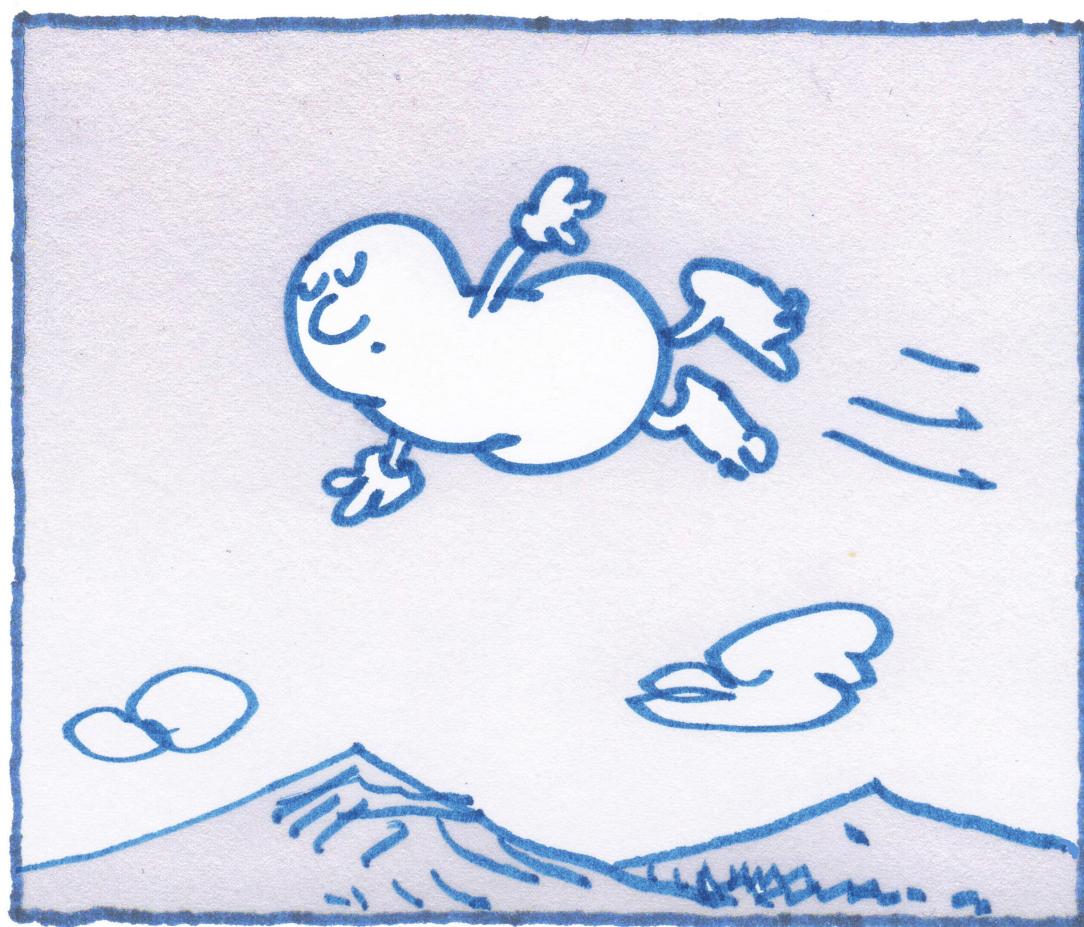

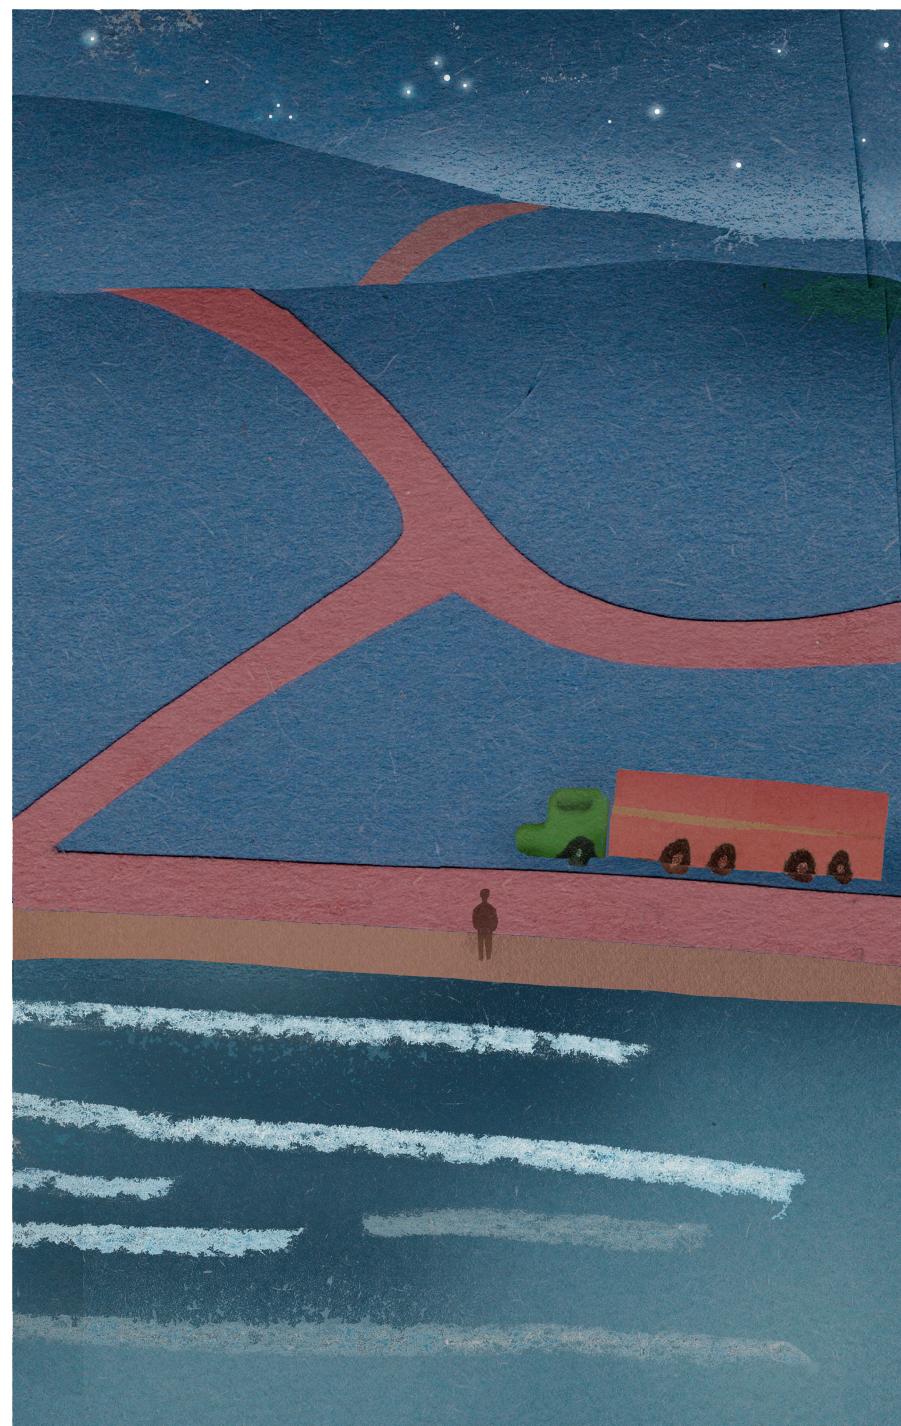

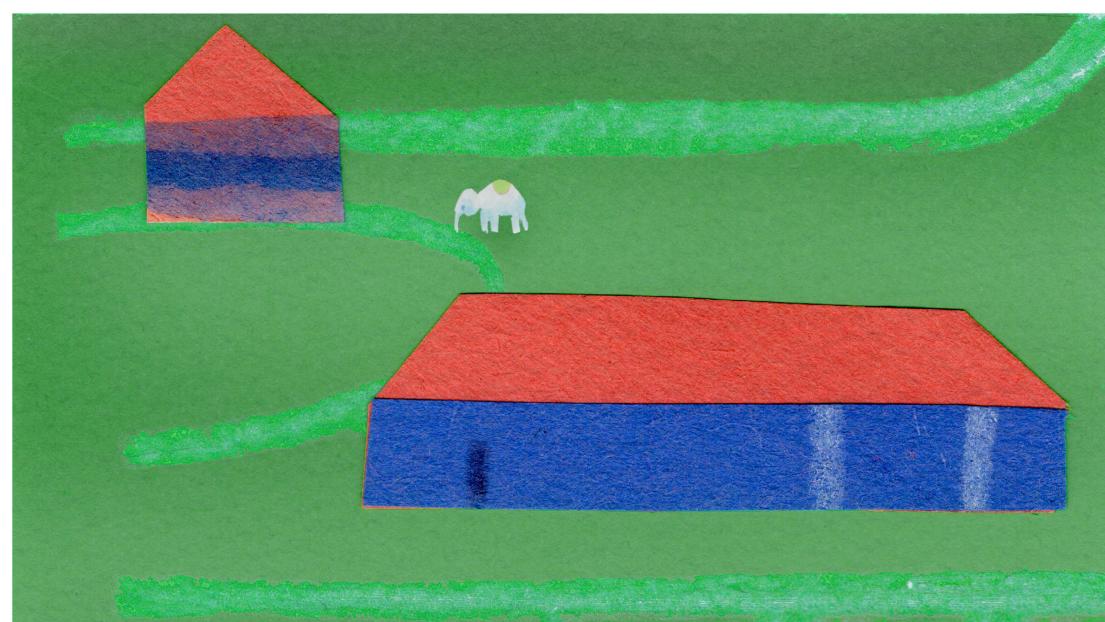

FOURTY  
POUNDS

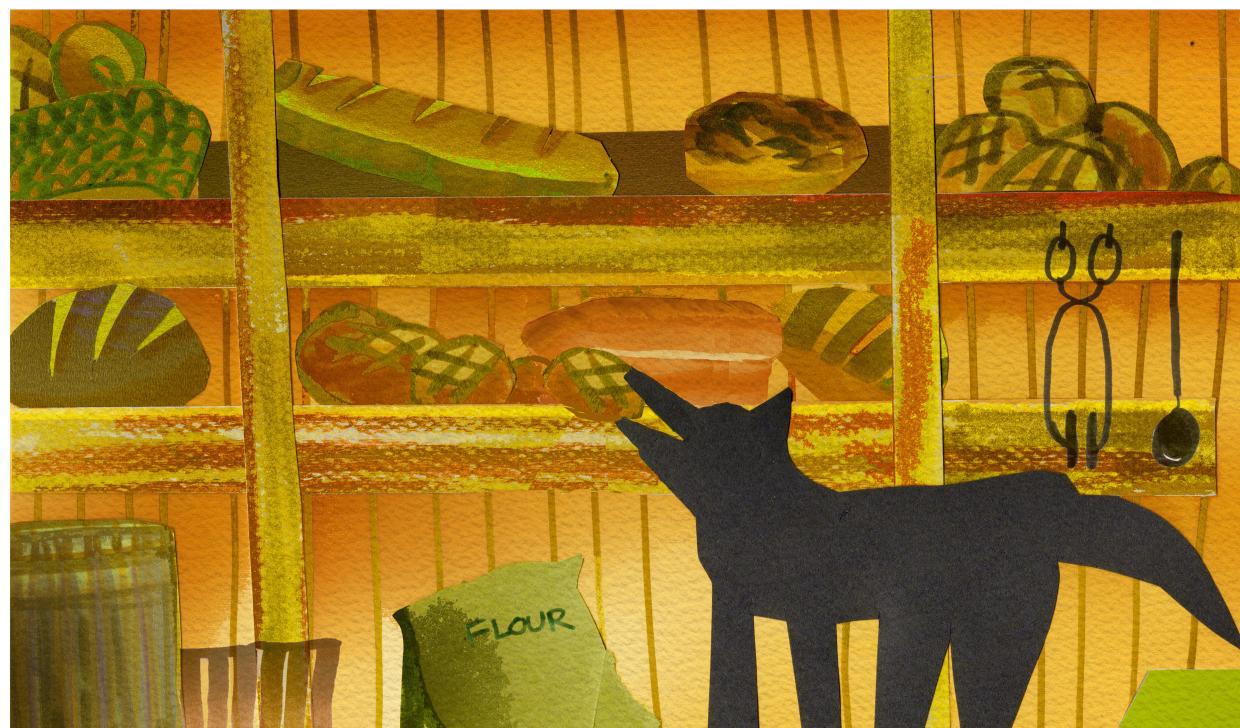

Sometimes the truck driver would pull over  
and watch the waves.

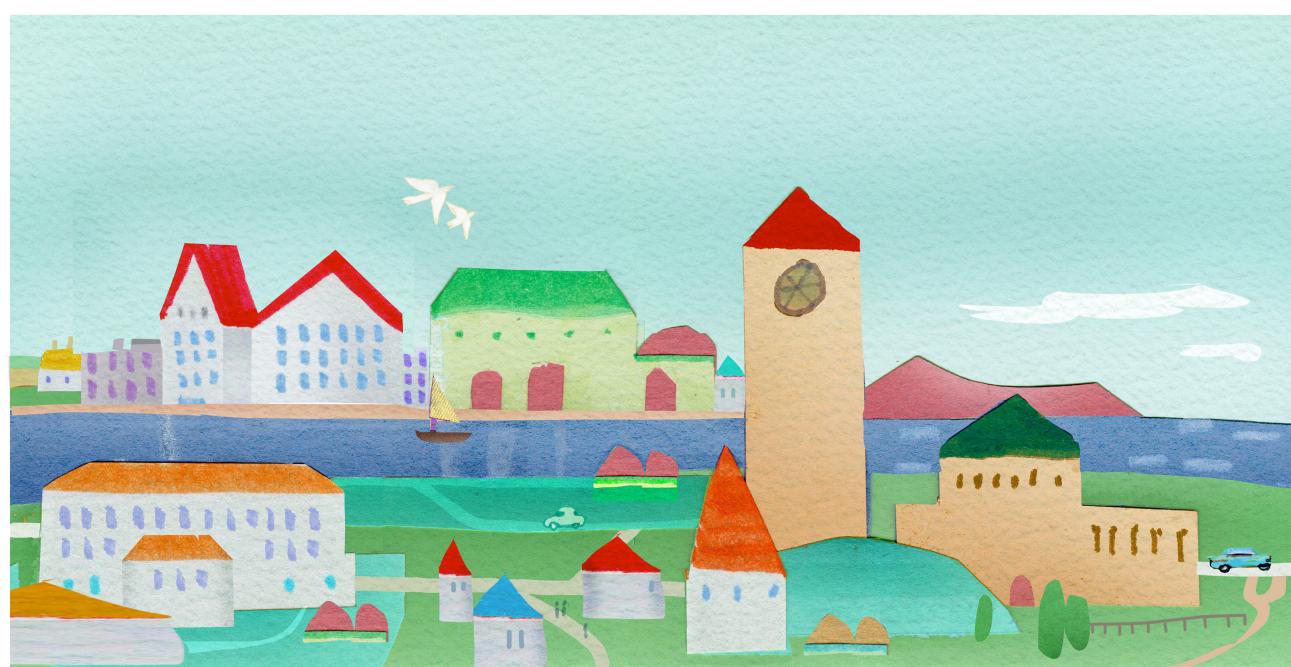

The ghost of a baby elephant haunts the fairgrounds.

There is a dog that steals bread from the baker.

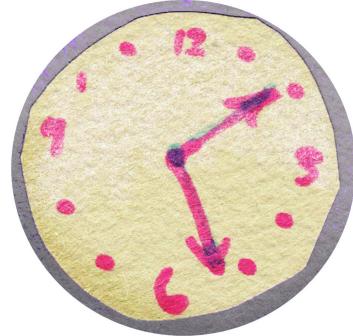

Fishermen lived in  
huts along  
the beach.

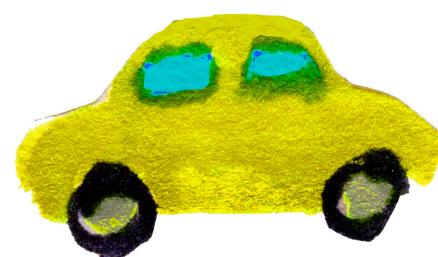

The village is full of ordinary things like

clocks

and cups

and cars

bugles

and bread

and umbrellas

boats

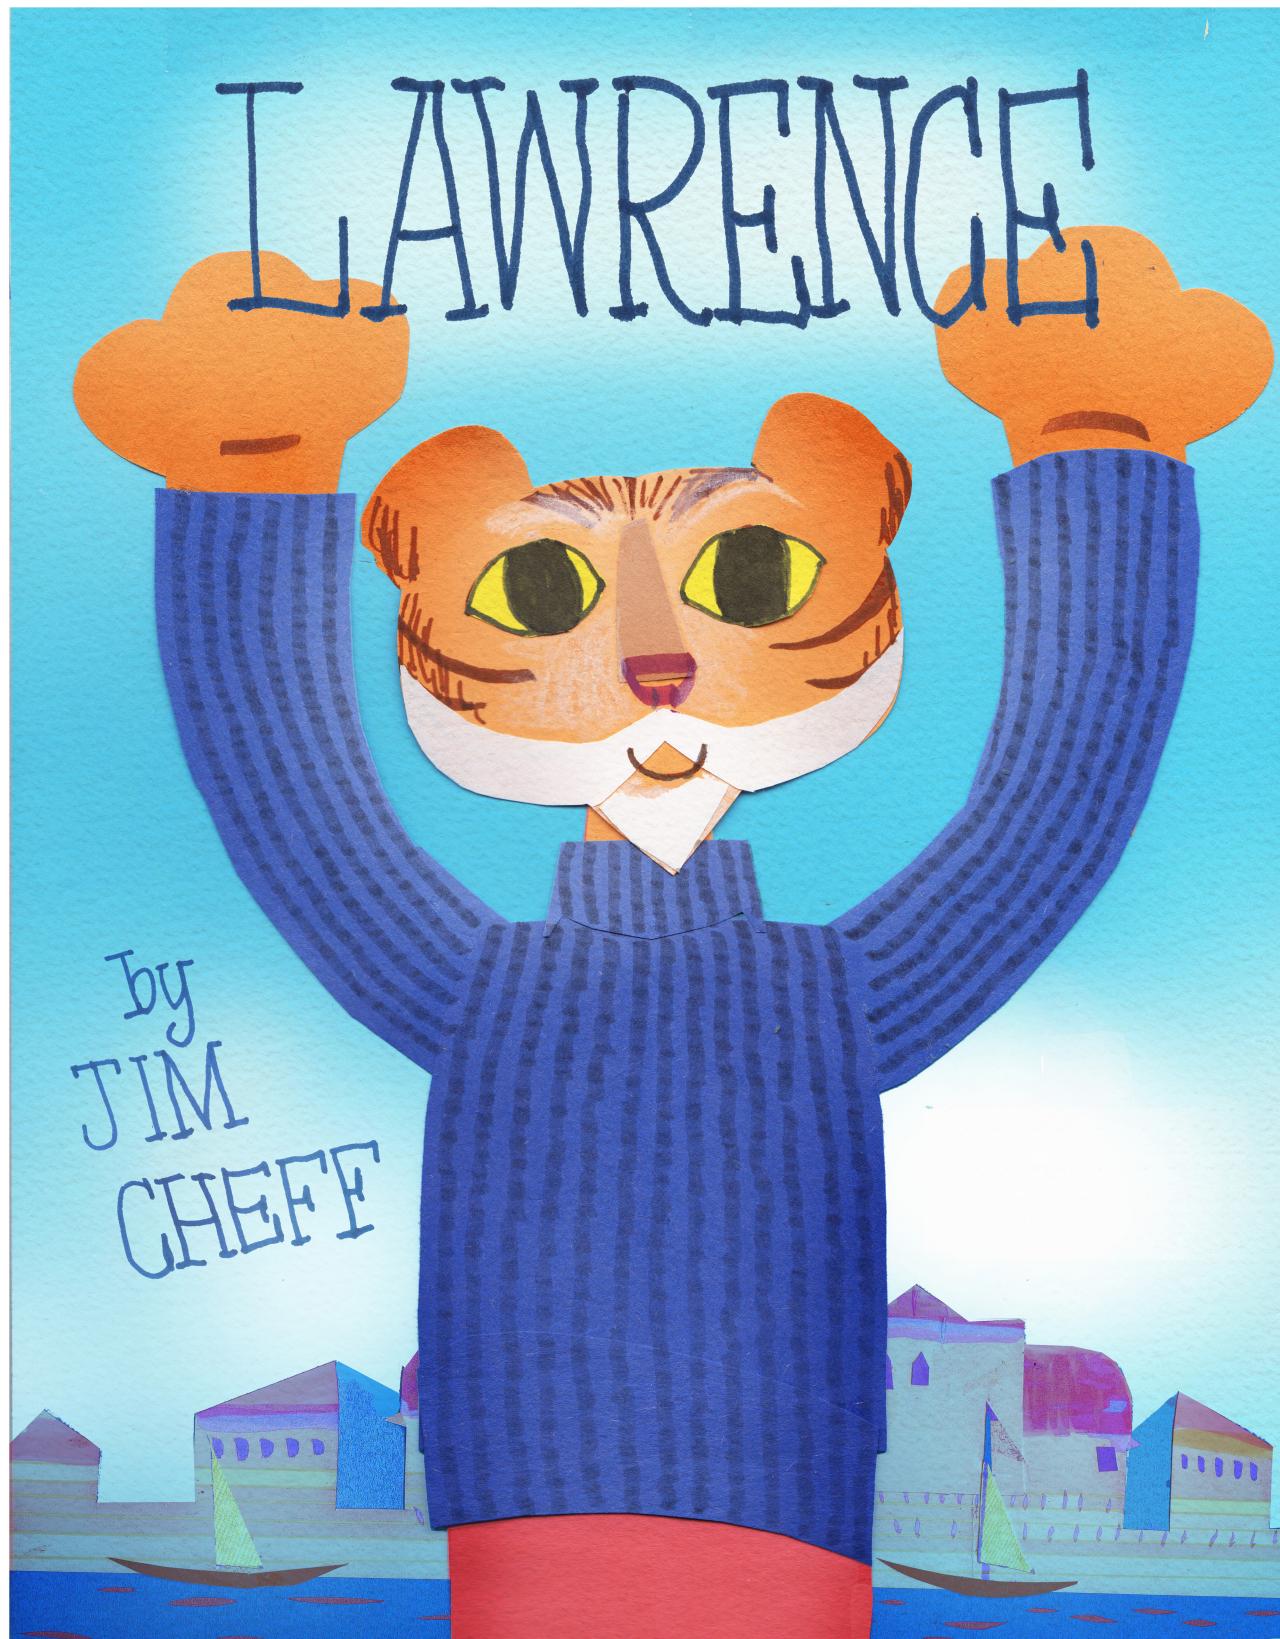

and mailboxes

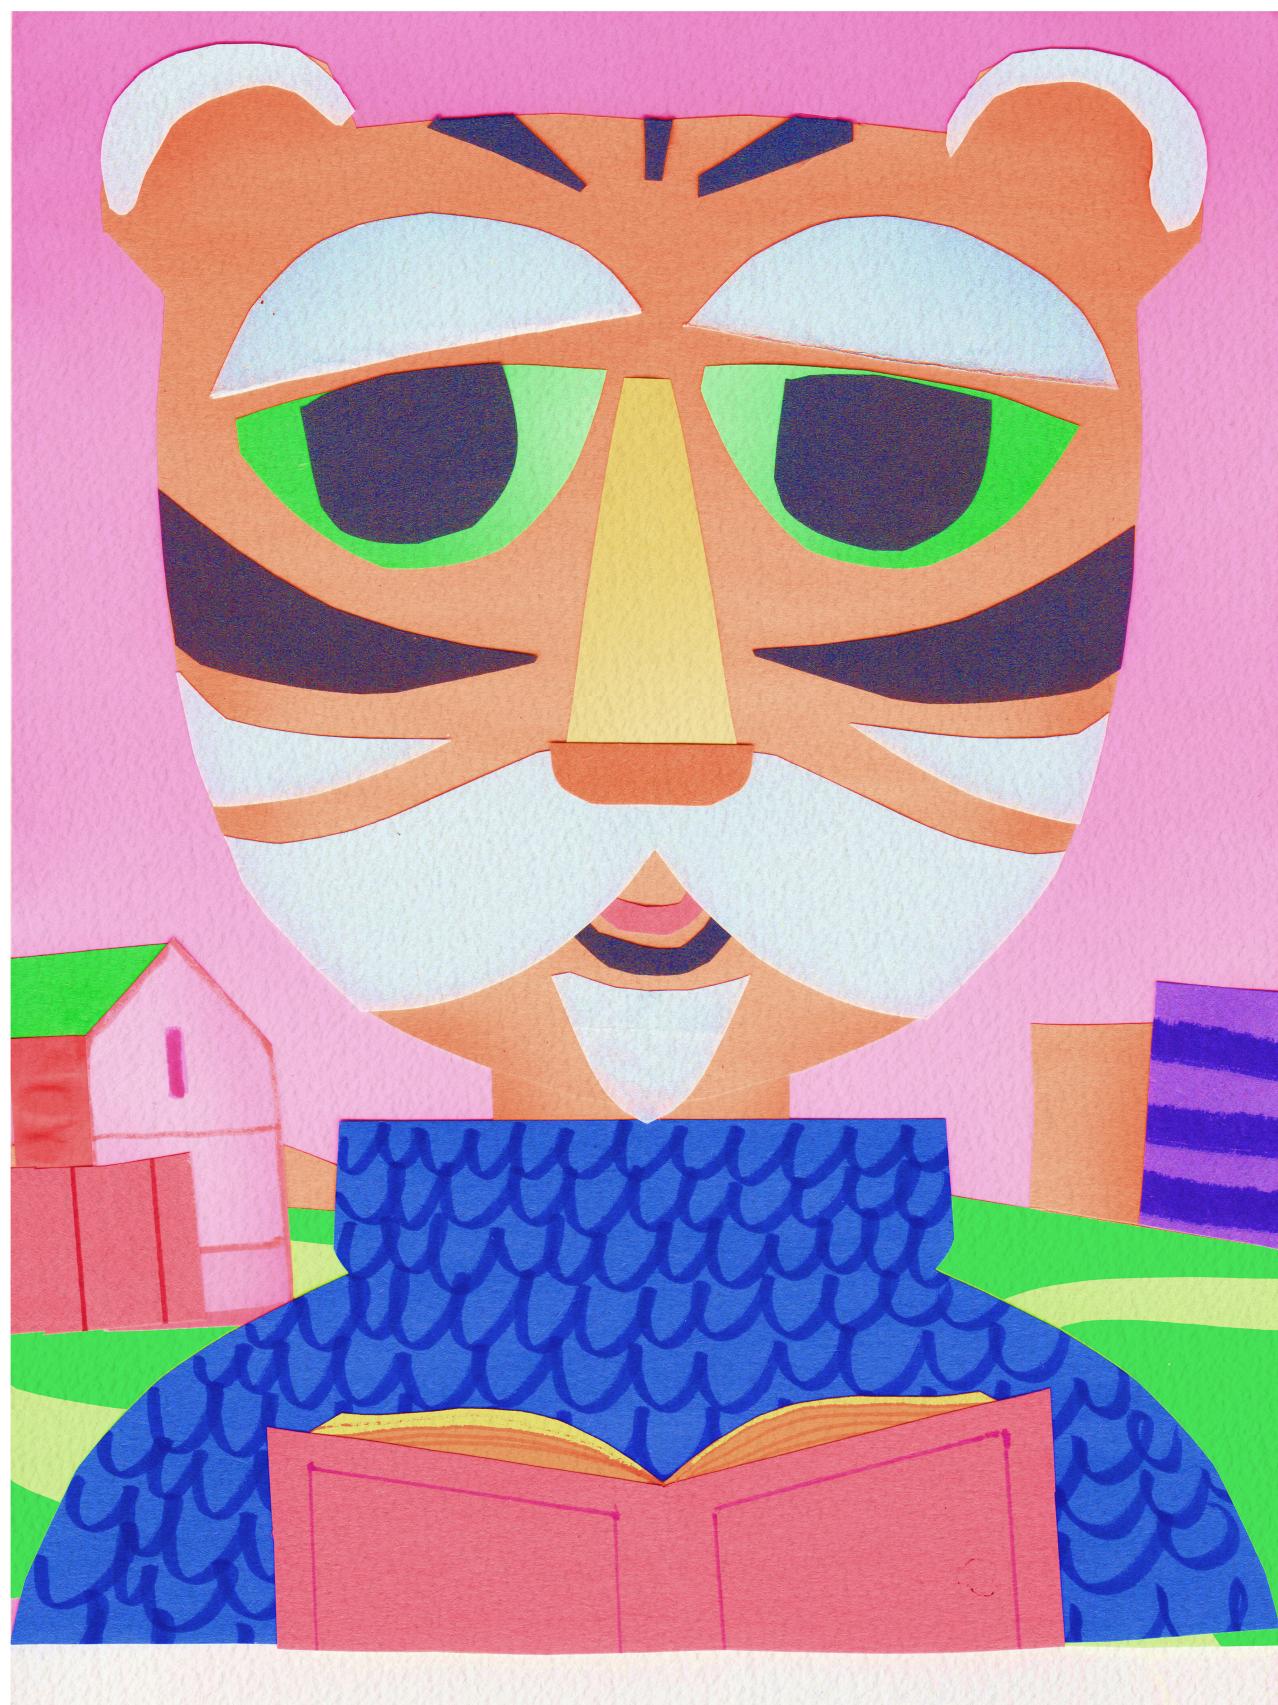

and cats.

# My Favorite Chair

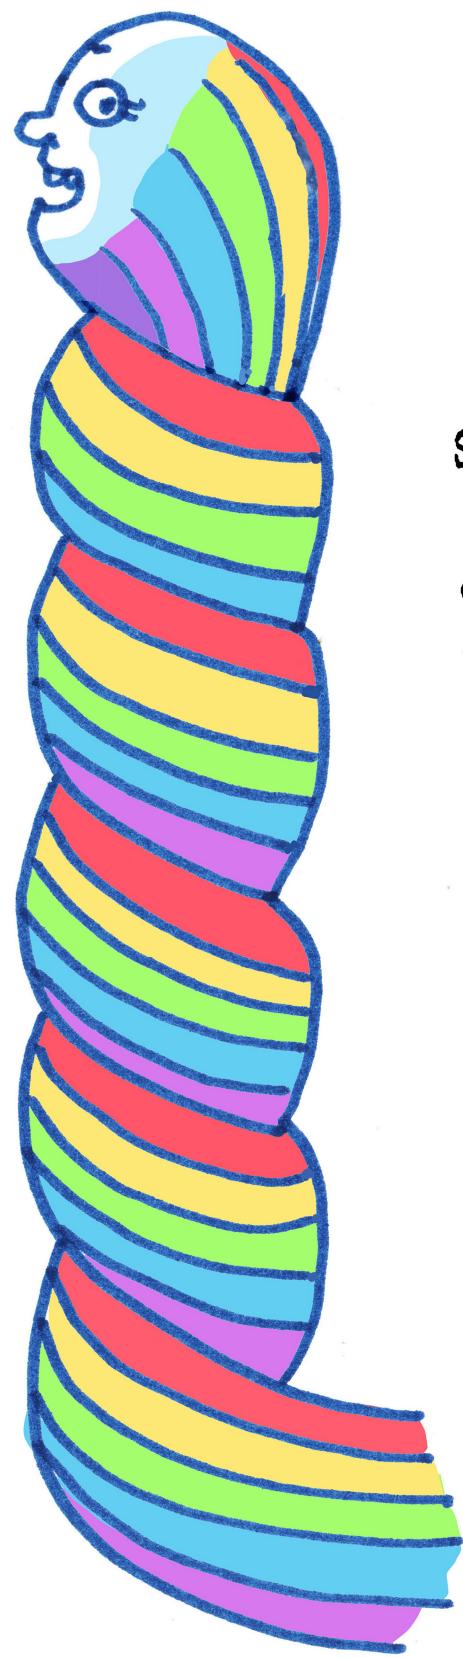

There once was a rainbow that  
lived under ground. She liked  
things cool, cozy, and quiet.

She made  
up silly  
games to  
pass the  
time.

She  
twisted  
herself  
into  
funny  
shapes.
